

ROTARY TECH

Precision in Motion

RELIABLE ROTARY SOLUTIONS FOR

OIL & GAS | PETROCHEMICAL
POWER | FERTILIZER
CHEMICAL & PROCESS INDUSTRIES

Rotary Tech delivers specialized repair, refurbishment, engineering and maintenance solutions for rotating equipment. Our commitment to quality, reliability and technical excellence helps industries maximize equipment performance and minimize downtime.

ABOUT ROTARY TECH

Rotary Tech is a trusted service provider specializing in the repair, refurbishment, maintenance and engineering of rotating equipment for process industries.

With a team of experienced engineers and technicians, we provide cost-effective and reliable solutions that improve equipment efficiency, extend service life and reduce operational downtime.

WHY CHOOSE US?

INDUSTRY EXPERTISE

Extensive experience in rotating equipment maintenance and refurbishment.

QUALITY ASSURANCE

Strict quality standards and advanced inspection techniques.

RELIABLE SERVICE

On-time project execution with minimal disruption to operations.

SKILLED WORKFORCE

Qualified engineers and technicians with hands-on field experience.

COST-EFFECTIVE SOLUTIONS

Optimized repair and maintenance strategies for maximum value.

CUSTOMER FOCUS

Dedicated support and long-term partnership approach.

OUR SERVICES & CAPABILITIES

1 REPAIR & REFURBISHMENT OF ROTARY EQUIPMENT

- Pumps
- Compressors
- Steam Turbines
- Diesel Generators
- Mechanical Components

OUR CAPABILITIES

- | | |
|--|--|
|  Complete Overhauling |  Performance Upgrades |
|  Dynamic Balancing |  Bearing Replacement |
|  Shaft Restoration |  Condition Assessment |
|  Precision Alignment |  Efficiency Improvement |

2 ENGINEERING SERVICES

- Installation & Commissioning
- Reverse Engineering
- Emergency Spare Development
- Equipment Inspection
- Root Cause Analysis
- Technical Documentation
- Reliability Improvement Programs

3 SKILLED MANPOWER SUPPORT

- Shutdown Maintenance
- Preventive Maintenance
- Equipment Troubleshooting
- Plant Support Services
- On-Site Supervision
- Commissioning Assistance
